

Emir Taha ÖZGÜNLÜ

Mechanical Engineer | MSc in Global Production
Engineering & Management

☎ +48 573-477-496 ✉ emirtaha552@gmail.com

PROFILE

Mechanical Engineer with an MSc in Global Production Engineering & Management with experience in supply chain analysis, logistics optimization, SAP, Advanced Excel, reporting, and cross-functional collaboration. Skilled in KPI analysis, forecasting support, process improvement, and data-driven decision-making through engineering and logistics projects. Seeking to contribute to supply chain planning in a global FMCG environment

EDUCATION

09.2023 – 12.2025

Warsaw University of Technology
MSc, Global Production Engineering
& Management

09.2016 – 11.2022

Uludağ University
BSc, Mechanical Engineering

LANGUAGES

Turkish — Native
English — Fluent
Polish — Beginner
Spanish — Elementary

SKILLS

Engineering & Operations

Lean Manufacturing • Process
Improvement • RCA/CAPA • Project
Coordination • Technical
Documentation

Data & Systems

Advanced Excel • SAP • Power BI • SQL
• Data Analysis • Reporting

Engineering Tools

SolidWorks • AutoCAD • ANSYS

EXPERIENCES

03.2026 – 07.2026

Research Trainee – Advanced Manufacturing | **Universidade de Coimbra**

- Coordinated international engineering activities, analyzed operational data, prepared technical reports and supported continuous improvement actions.

02.2023 – 05.2023

Erasmus Engineering Intern | **Universidade de Coimbra**

- Supported engineering projects, manufacturing process optimization, technical analysis and documentation.

03.2022 – 05.2022

Project Intern | **Şişecam**

- Supported engineering projects through technical analysis, project coordination and multidisciplinary collaboration.

11.2021 – 06.2022

Maintenance & Production Engineering Intern | **Rollmech Automotive**

- Supported automotive production and maintenance activities, performance analysis, reporting and process improvement.

RELEVANT PROJECT

Project of Improvement Management of Logistics Costs at Procter & Gamble

- Analyzed five years of logistics and business data using KPI analysis, Cost-to-Serve, ABC/XYZ, Value Stream Mapping, SWOT and PDCA; developed recommendations for cost reduction, efficiency and product availability.

ADDITIONAL WORK

- 2019, 2022, 2024, 2025
Work & Travel USA | InterExchange
- Built strong customer communication, adaptability and operational skills in multicultural, fast-paced environments.

INTERNATIONAL MOBILITY

- **09.2020 – 02.2021**
Erasmus+ Study Mobility – Universidade de Coimbra, Portugal
- **09.2018 – 02.2019**
Erasmus+ Study Mobility – Universidad de Castilla-La Mancha, Spain
